Established in 1988, our family started this company with one pump. With concrete pumping experience back to 1973, hard work, and treating our customers like they are part of our family, we have grown considerably since then.

We now have 10 Boom Pumps, 2 Trailer Pumps, two Somero SXP S-240 Laser Screeds, and three 28' Roll Backs to move equipment and service your needs. Well-maintained equipment makes us Dependable, and our employees make our Service the best in the business. We would like to become part of your business family for any size job, Big or Small.

Service Area

Our service area covers Maryland, Pennsylvania, Northern Virginia, Washington DC, and Delaware. Wondering if you're included in our area? Feel free to email us at contactus@jerniganconcretepumping.com
